Thesis projects completed in the **year 2017, 2018 and 2019** are eligible for this award. From the listed batches of 2017, 2018 and 2019 we are inviting not more than **'8 Bachelor's and 4 Master's'** graduation projects in total for this first ever institutional participation for UniATA. There is no fee entry fee for participation in UniATA.

Eligible disciplines are:

1. B. Arch students 4th Year and 5th Year,
2. B. Plan students 4th Year
3. M. Arch / M. Plan / M. Tech students with thesis projects in discipline of Architecture, Urban and Landscape.

The selection of the **12 projects** will be made by the faculty/academic committee – **not based on just maximum marks obtained** but **should extend to quality of thought/idea/relevance/presentation** as a whole. In general, we expect more radical ideas that change how our community and fraternity perceives architecture. Hence, brave projects who have taken amazing research subjects is something we are looking for **instead of only academic merit**.
